The Vision

The company has signed a \$2.5 billion development agreement with the Government of Oman, developing a mixed-use Tourism/Residential and Commercial/Retail project known as - The Oimage Project. The 245 acre prime beachfront property is located just 6 miles from Muscat International Airport. The beautiful Pearl shaped buildings will overlook the serene Gulf of Oman, surrounded by a vibrant art and culture scene, poised to inspire the world.

The Oimage Project is designed as an exquisite, modern architectural marvel built with environmentally friendly materials in a family friendly living/working space. It blends local values and customs for today's global citizens where residents and visitors live, work and play in complete

harmony with nature.

The existing majestic Sultan Qaboos Street, home to Muscat's many landmarks, provides easy access to The Omanage Project, where art and culture thrive, residents and visitors experience Arabian hospitality, dine in fine restaurants and shop at exclusive showrooms of global brands.

The Future

Most Americans are familiar with The Palm Islands of Dubai. The Palm started with a vision

and a simple rendering, despite huge challenges, the vision came true. Dubai became one of the world's top tourist destinations and one of most expensive real estate markets in the world.

THE PALM

THE PALM

The Omagine Project – and its Pearls – has the potential to become the next major tourism destination and one of the most highly desired real estate markets.

Muscat

could become the next hot destination for the tourists around the world.

**Timing and Location
is Everything!**

The timing couldn't be better for Chinese investors. The Stock Market in China down sharply and the Chinese economy slowing down considerably. Chinese investors looking for an alternative, discovered

Dubai. Investors from China are flocking to Dubai. Huge demand from investors is driving up real estate prices in Dubai and the cost of living and doing business in Dubai has increased dramatically.

We believe, **The Oma
gine
Project (Muscat)**
offers the next great
opportunity for investors
and Global corporations
doing business in the
Middle East. Muscat's

low cost of living and
cheaper office space
offers a better ROI.

The Pearls

(Muscat) expected to meet or exceed the lifestyle choice and luxury for less. It's a great opportunity for Global corporations to establish their MENA headquarters in Muscat. Also, a unique opportunity for

accredited investors
seeking to diversify
their portfolios.
