

[YRC Worldwide](#) | [YRCW](#) | **Profile** | **Summary**

The economic turnaround has been painfully slow and that has not been very good to companies like YRC Worldwide, [YRCW](#). However, We believe the economic activity will pick up for the rest of the year and YRCW is poised to benefit from the increased economic activity.

The stock is slowly bouncing back from its 52 wk lows on improved business outlook. You may see a little pull back to retest the lows that could provide a great opportunity for the investors who are looking for value and growth. If you are optimistic about the economy this stock should be on your list.
