

[AMCF](#) | Andatee China Marine Fuel | Profile | Summary

[Andatee China Marine Fuel](#) , **AMCF** , is engaged in the production, distribution of blended marine fuel oil for cargo and fishing vessels. The company own a large fuel storage facility and several oil depots. It also provides custom blended fuels to its clients.

The company has recently acquired a majority stake in Hailong Petrochemical Company, that would help increase the already rapidly growing distribution network.

The stock is slowly trending up from its June lows. The trade dominated Chinese economy and the company's geographical location (Dalian) certainly looks very appealing. Keep this company on your watch list.
