

Hot Stock Picks for Friday 06-17-11

Stocks to Watch

DPTR - Delta Petroleum engage in the exploration, acquisition, development, production, and sale of natural gas and crude oil primarily in the Rocky Mountain and onshore Gulf Coast regions.

Delta went through management changes and non-core assets sales, will it pull it off and surprise the investors? We are cautiously optimistic, the stock is trading at 52WK Lows, could bounce back, Speculative.

USEG - U.S. Energy engages in the acquisition, exploration, holding, sale, and/or development of mineral properties. It primarily explores for molybdenum, and other base and precious metals.

This company has several Oil and Gas properties scattered across the country, bounce back play, Speculative.
