

Trade Alert: FactCheck

EK 38% in two days and CMRG 16% in a day! We don't need to remind you but just in case, the DOW Lost 400 Points yesterday. Incredible!

We think EK and CLWR, still have much to Gain, should remain on your list.

Stocks to Watch, Friday 08-19-2011

JASO - JA Solar a leading manufacturer of solar cells and solar products, based in China. The company's principal products include monocrystalline and multicrystalline solar cells and various solar modules. It also provides silicon wafer and solar cell processing services.

Very Attractive, Bouncing back from 52WK

Lows.
