

Hot Stocks to Watch for Friday 09-02-2011

Poor Job Data sent all the major indexes down. Government assisted **SOLYNDRA** went Belly-Up leaving the Tax Payers with a **whopping \$527 Million Dollar bill**. The massive lay offs sent hundreds of workers back to the unemployment line again.

We found few stocks that are bucking the trend **OPWV, NVAX, GSX**. Markets are very choppy, 200 point swings are becoming every day occurrence, trade with extra caution.
