

**Geng Sheng Minerals – [CHGS](#) - manufactures and markets a broad range of high-tech industrial material products, including monolithic refractories, industrial ceramics and fine precision abrasives. A market leader offering customized solutions.**

**Geng Sheng sells its products primarily to the iron and steel industry as heat-resistant components for steel-making furnaces, industrial kilns and other high-temperature vessels to guarantee and improve the productivity of those expensive pieces of equipment, while reducing their consumption of energy.**

**Geng Sheng's business is improving gradually, though at a very slow pace, as reported by the company. The stock is bouncing back from the 52WK**

**LOWS, looks very interesting, keep an eye!**
