See why investors are rushing to cash in. We got the list. The biggest one, [MCP](#) added \$2 Billion Dollars in just 2 weeks to its market cap. Get this, the company hasn't started mining the metal yet!

T

he other Three Amigos SHZ, GMO and Rare Element.

Hot Stock Picks Wednesday 12-29-10

The stocks mentioned above are just pure speculation and really expensive, as we said none of them are actually producing any rare metals.

Stocks to Watch

PLG – [Platinum Group](#) TGB – [Taseko](#) PAL – [North American](#)
