See how a mining genius, the boy with a golden touch built a multi-million dollar global mining empire from scratch!

Gold mining App: Leave your picks, shovels and bulldozers at home. Gold mining today is as simple as developing an App for Apple!

Mining made Easy: Mining is as easy as building an app for Android. Learn from this 30 year old genius, who probably doesn't know the difference between a rock and cow dung, however, managed to build a global mining giant with operations in Africa, Europe, Latin America and the United States.

Is he gonna share his secret strategy? Don't hold your breath. However, we managed to find some golden nuggets buried deep in the
