Hot Stock Picks Monday 10/25/10

Bernanke's comments, Positive Existing Homes sales data are driving the market today.

ODP and **VALU** Office Depot has been dead money for a long time, the CEO has just resigned, expecting to report a profit. Take over rumors about **ODP** never

die. The stock is up today.

Value Line's stock went up by 20% , the company has announced a special dividend. It may sound ironic but the stock is attracting **Value investors**, not a bad idea since the stock is trading at 50% mark from its 52WK highs.

Great respected Brand and its assets are capturing the attention of speculators.
