Hot Stock Picks Monday 11/29/10

It's Cyber Monday! Market is down as concern shifts to other European

countries. North Korea is a non-issue.

Asian Markets closed higher, the Japanese Market swung back to Six Month high.

Precious Metals are doing better than the broader market, so we found some

interesting small caps for our members. However, these are not very liquid. Take

Extreme caution, deliberate and consult before owning any stocks period.
