

DOW 12000 by New Years Eve?

Written by staff

Wednesday, 01 December 2010 17:40 -

There is nothing to Stop DOW from reaching 12000 by the end of the year.

Tax compromise is widely expected, there are no major Data releases, before the

end of the year, that could affect the surge!

Hot Stock Alerts Wednesday 12/01/10

The first day of December started with a Bang. Better than expected economic

data kicked off a frenzy, all major indexes are up.
