Hot Stock Picks for Monday 07-25-2011

BAMM- Books-A-Million, a book retailer with most of its stores located in the southeastern United States. The company operates superstores and traditional bookstores that offer a selection of hardcover and paperback books, magazines, and newspapers.

The Sad demise of BORDERS could help BAMM as it may buy select locations to expand its presence and leap into second place. Short to Medium term Very Attractive, must be on your list.

RXII- RXi Pharmaceuticals, a biotechnology company, engages in discovering and developing innovative therapies for unmet medical needs using targeted bio therapeutics.

The company's lead product candidate includes NeuVax that is slated to commence Phase III clinical trials in low-to-intermediate

ER2

+ breast cancer patients.

Speculative,

Keep an eye.
