Hot Stocks to Watch for

08/11/10 'None'

Its gonna be a brutal day in the Market today.

Asian and European Markets are down and Dow

and Nasdaq Futures are down. Investors in

Asia and Europe didn't like the Data and the Feds

decision to keep the interest rates low.

There are some opportunities for Investors

to step in and buy the stocks they want to own,

however, we didn't see any compelling stocks

screaming buy today.
